PROFILE

Energetic, hardworking, and goal-oriented undergraduate student in Computer Engineering seeking an opportunities as a developer. Dedicated to continuous learning and eager to contribute my creative thinking and development skills to drive the growth and success of the company.

EXPERIENCE

Python Developer
MARKTINE TECHNOLOGY SOLUTIONS PVT LTD
MAY 2023 - JUNE 2023

- Developed web applications using Python and Django framework.
- Managed MySQL databases, ensuring data integrity and security.
- Worked in Linux environments for development and deployment.
- Collaborated with cross-functional teams to deliver high-quality software solutions.
- Conducted troubleshooting and debugging to maintain application stability.
- Actively engaged in continuous learning and improvement in Python development.

My tenure at Marktine Technology Solutions provided me with valuable experience in software development methodologies, collaboration, and problem-solving skills. I am confident in my ability to contribute effectively to dynamic projects and thrive in a fast-paced, team-oriented environment.

PROJECTS & ACADEMIC ACHIEVEMENTS

- **Winner, Ctrl - F (Tech Treasure Hunt Competition) :** Demonstrated exceptional problem-solving and technical skills by participating in and emerging as the winner of the prestigious Tech Treasure Hunt Competition. Successfully navigated complex challenges and puzzles related to various technological domains, showcasing adaptability and critical thinking.
- **Personal Portfolio:** Developed and maintained a personal portfolio website showcasing my projects, technical skills, and achievements. Created responsive web designs using HTML, CSS, and JavaScript. Regularly updated and added new projects to demonstrate growth and proficiency.

- **Developed Linux Terminal-Based Python Scripts:** Created a collection of Python scripts designed to automate tasks and enhance productivity within the Linux terminal environment. Leveraged Python's robust libraries and APIs to streamline processes such as data manipulation, file management, and system administration. Demonstrated strong problem- solving skills and attention to detail in creating efficient and reliable solutions.

VOLUNTEER EXPERIENCE

- **Photographer, Bharatiyam (College Fest):**Served as the official photographer for the Bharatiyam college fest, capturing memorable moments and documenting the event through high-quality photographs. Efficiently edited and post-processed photographs to ensure optimal visual presentation.
- **Coordinator, Coding Competition:** Volunteered as the event coordinator for a coding competition, overseeing the planning and execution of the event. Led a team of volunteers, assigning roles and responsibilities to ensure efficient event management.
